PRESENTATION

Ce volume fait partie de la série des premiers RECENSEMENTS des comtés du Nouveau-Brunswick, et contient les quatre premiers recensements de la paroisse d'Alnwick, comté de Northumberland.

On y trouve les noms des familles, leur âge, leur occupation et leur origine. La paroisse d'Alnwick est divisée en deux ou trois parties selon le nombre de familles attribué à l'énumérateur.

Ce volume est destiné à économiser du temps au chercheur qui peut consulter le microfilm au besoin. Ces films peuvent être empruntés à travers une bibliothèque pourvu que le chercheur ait accès à une liseuse de microfilms.

PREFACE

The Alnwick Census Records belong to the series of compilation of the earliest Census Records for each County of New Brunswick.

This volume contains the names of family members, their age, occupation and origin. The names are listed according to the order of enumeration house by house. The parish is divided in two or three sections followed by a resume of the schedules II, III, IV, V, VI for the 1851 and 1861 Censuses. An index has been added at the end of each Census. Each index contains the name of every head of family with individual name entries for servants, lodgers and visitors.

This compilation should save time for all historical researchers but, of course, one may consult the microfilms if need be. The microfilms may be ordered on interlibrary loan from the PUBLIC ARCHIVES OF CANADA, 395 Willington Street, Ottawa, Ontario, Canada KIA ON3, if a microfilm reader is available in your library.

This work has been accomplished through the assistance of a winter project Canada Community Development Project by: Suzanne Hébert - Betty Arlene Thériault - Rachelle Mallet with the support of the committee in charge of Le Centre de documentation SHND, whose members are listed below:

AVANT-PROPOS

La paroisse civile d'Alnwick fut formée en 1786 à l'intérieur du comté de Northumberland.

La paroisse civile actuelle de Saumarez et la partie sud de la paroisse civile de Bathurst en faisaient partie jusqu'en 1814 lorsque la paroisse civile de Saumarez fut formée. (v. carte p. viii et ix.)

La carte du Nouveau-Brunswick en 1786 (APNB) p. viii nous montre que les comtés de Gloucester, Restigouche et Kent faisaient partie de Northumberland. Gloucester en fut détaché en 1827 et comprenait le comté actuel de Restigouche jusqu'en 1838. Le comté de Kent était déjà formée depuis 1827.

EVOLUTION OF BOUNDARIES

The parish of Alnwick was erected in 1786, as part of Northumberland County. It included most of the present parish of Saumarez, the southern half of Bathurst until the erection of Saumarez in 1814. (see map p. viii and ix)

Gloucester County was established in 1827 from the Northumberland parishes of Saumarez and Beresford, and Kent County, from the Northumberland parishes of Willington, Carleton and some unassigned lands.

NOTICE TO THE RESEARCHER

The Researcher will please bear in mind while reading, that the Enumerator was not always familiar with the other language existing in the community and thus the spelling of the names is often phonetic.

The original information has been maintained with the spelling errors, if any. Where the handwritting was illegible the name is followed by a (?) question mark.

The word «Entry» with date found in 1851 Census stands for his or her entry in our Province and «Entry birth», that the person was born in our Province.

The Indian Population of 1861 has been indexed by itself according to the Indian Chief's report for the parish of Alnwick.

AVIS AU CHERCHEUR

En lisant, nous vous prions d'avoir à l'esprit que les noms français peuvent avoir une résonnance anglaise lorsque l'énumérateur est un anglophone. Souvent il devait orthographier d'après les sons dans sa langue maternelle, déformant parfois certains noms.

De plus l'écriture étant souvent difficile à déchiffrer, nous avons copié le teste du microfilm tel qu'écrit avec les erreurs qui s'y trouvaient. Dans le cas d'écriture illisible, nous avons ajouté un point d'interrogation (?).

Le mot «entry» avec la date que l'on trouve dans le Recensement 1851 représente l'année de leur entrée au pays; «entry, birth» signifie qu'ils sont nés au pays.

La population indienne d'Alnwick est inscrite dans un index particulier d'après le rapport du chef indien, lui-même.
